

We are open and following all WORK SAFE BC COVID-19 protocol.

While our business hours remain the same, we have had to make some changes to help keep our community safe.

Anyone entering the office must do so by appointment only. To book an appointment for an eye exam, adjustment, or frame browsing, please phone our office at 604-243-3761

Your health and safety are important to us! We have implemented strict infection control procedures:

- Patients coming to the office must be wearing mask.
- There is a mandatory hand sanitizing station for staff and patients at our front entrance, and we have made changes to permit safe social distancing.
- Our staff are wearing PPE and follow strict handwashing and health/safety measures at all times.

Our clinical and shared spaces are thoroughly cleaned and disinfected after each patient's visit.

Thank you for your patience with our new protocols. If you have any questions please give our office a call.
